naam

Kleur: schrijf het cijfer na met een kleurpotlood.

Teken: teken net zoveel als het cijfer aangeeft.

Schrijf: schrijf de cijfers over.

Oefen: oefen de cijfers.

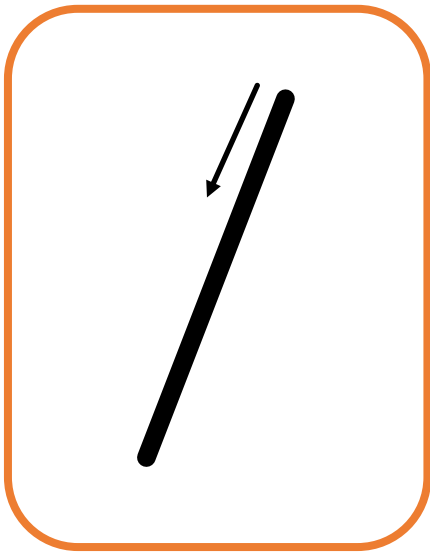

Met heel veel plezier heb ik dit werkboekje gemaakt.

De plaatjes zijn van Educlips. 

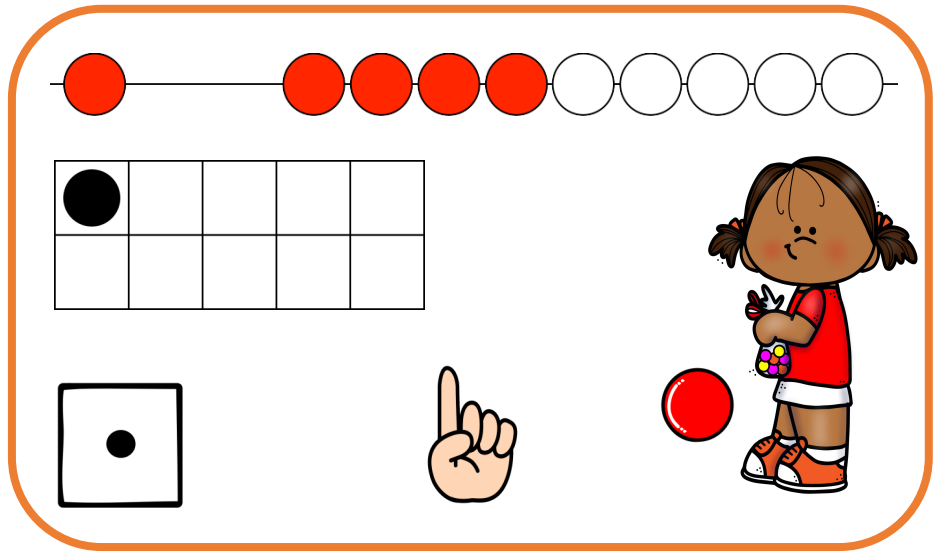

De cijfers zijn eigen productie. Ik wens de kinderen veel plezier met dit cijfer oefenboekje.
