

Het missende getal!

2 spelers

Op elke kaart staan 9 getallen van 1 tot 10 of voor de uitdaging van 11 tot 12.

1 getal mist!

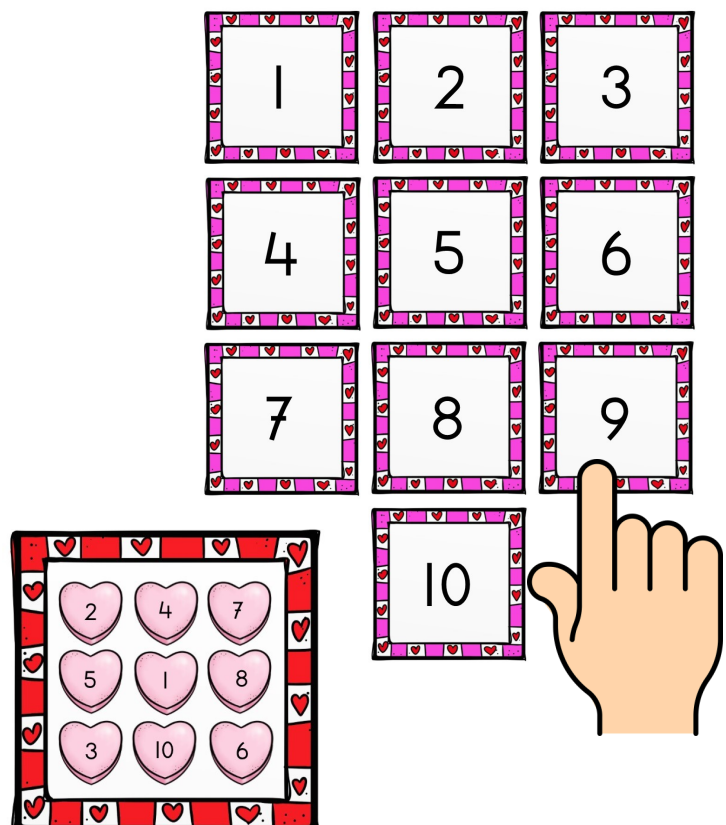

Waar staat het missende getal?

De kaarten met de rode rand liggen omgekeerd op tafel. De eerste speler draait een kaart om en beide spelers zoeken zo snel mogelijk het missende getal op.

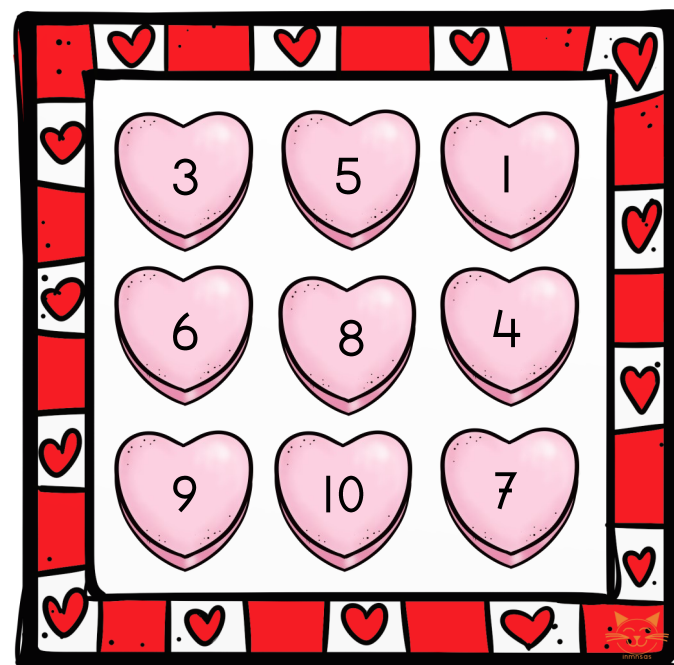

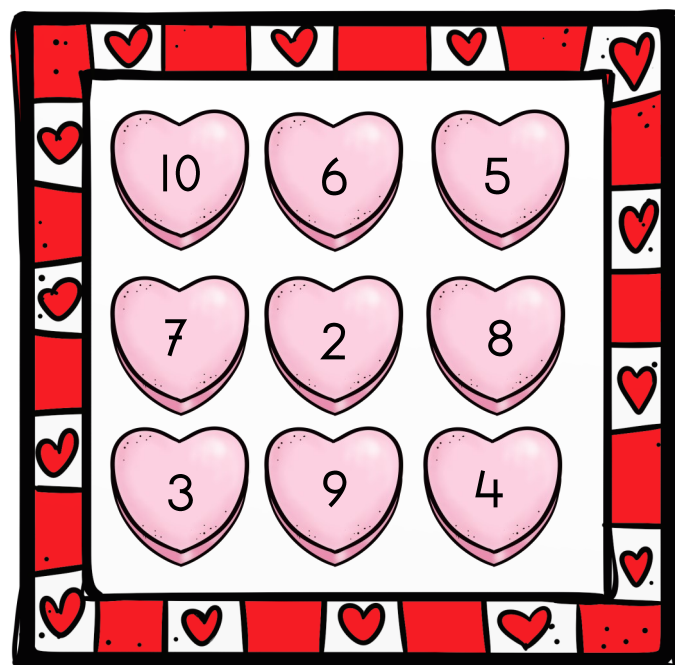

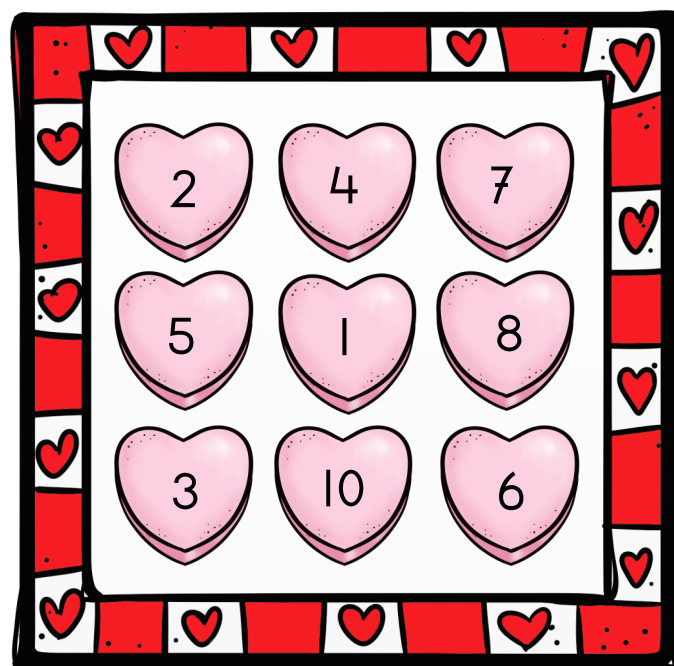

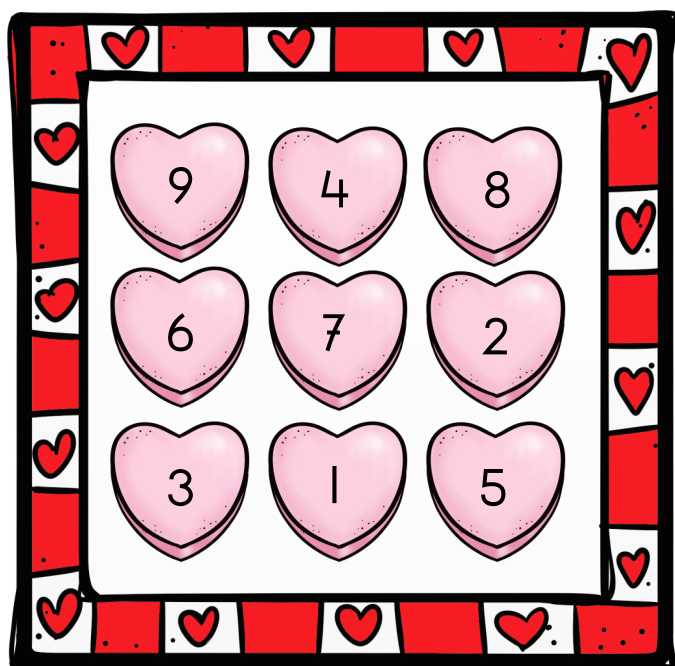

De speler wijst zo snel mogelijk op de kaart met de roze rand het missende getal aan. Hij legt uit waarom dit het getal is door de telrij compleet te maken.

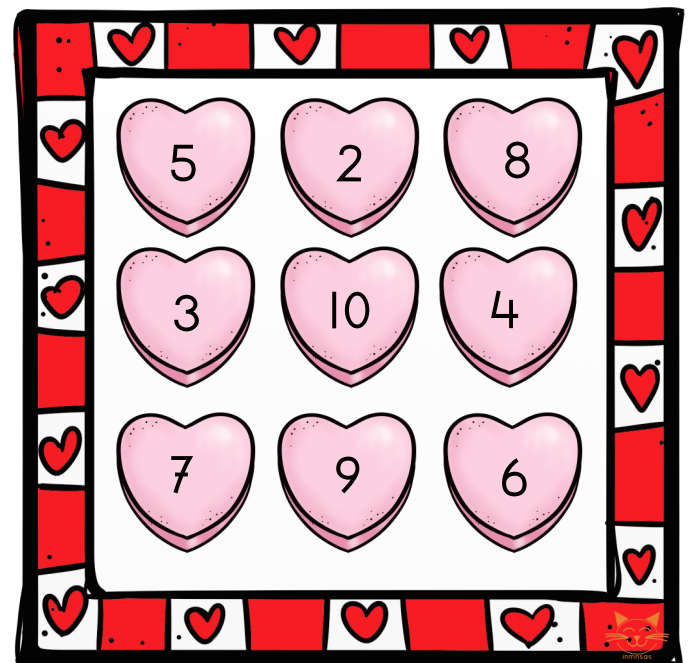

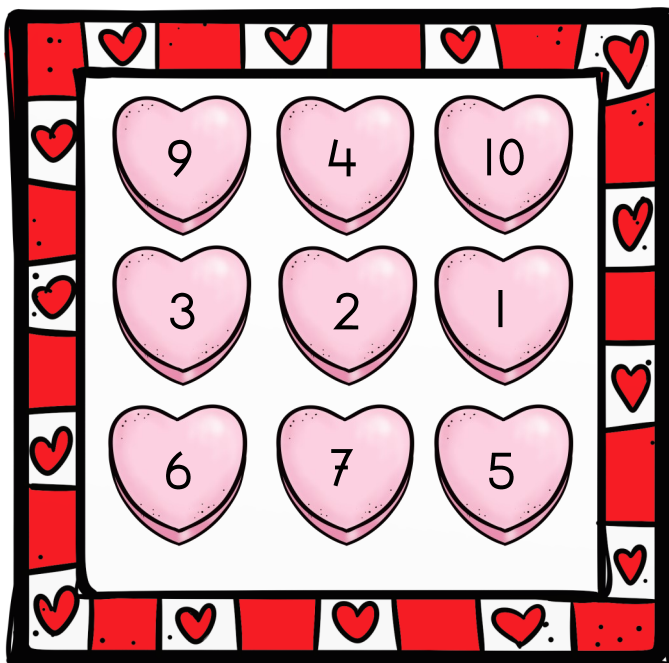

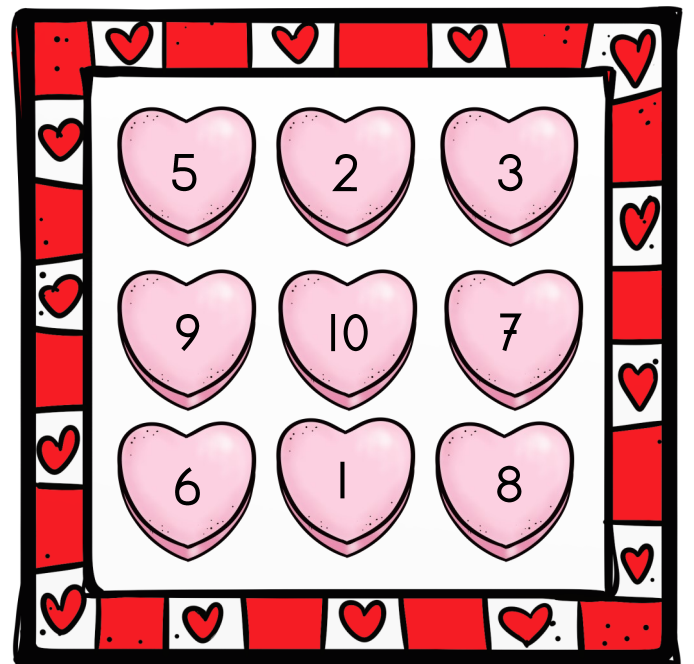

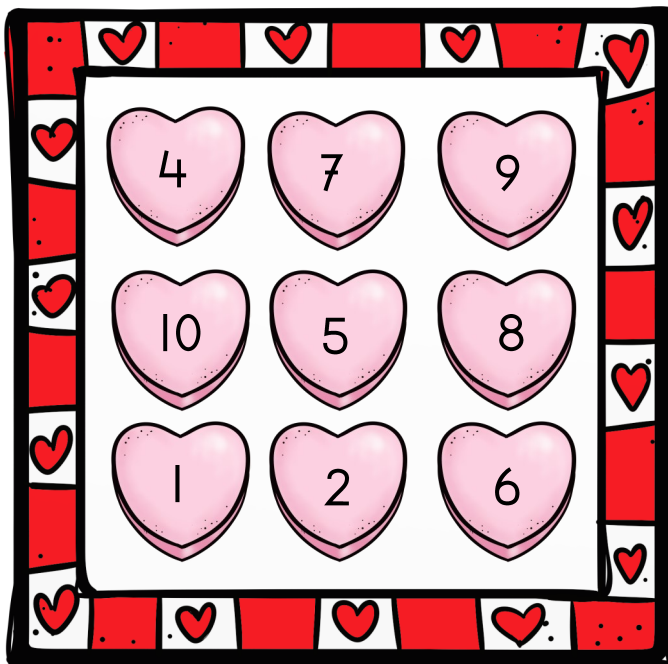

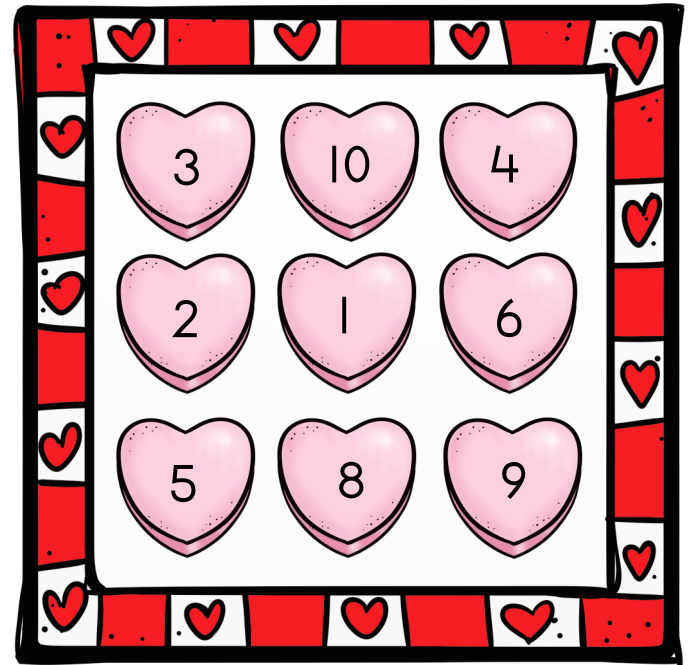

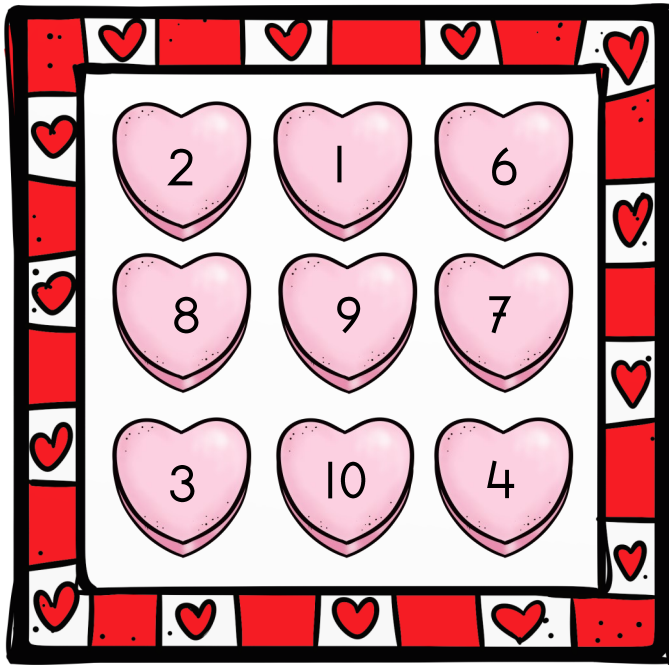

Dan mag hij het kaartje houden.
